COVID1984 Plandemic ControlaVirus

It has become ridiculously obvious that this entire COVID-19 narrative is a manufactured crisis designed to remove our liberties. The only people who disagree with this idea are either so lost in the mainstream media propaganda or they are automaton leftists who embrace the evil of tyranny openly.

The major goal of this event is to decentralize power into the hands of a one world government which is the United Nations and to deindustrialize and (https://i0.wp.com/www.falseflag.info/wp-content/uploads/2020/05/96168208_1341473886039908_6701943827118161920_n.jpg?ssl=1)financially cripple the Western world so that we become dependent on this emerging world government. This is why the rollout is basically the same globally and it has been planned for decades. Bill Gates is the general at the head of this monster and is orchestrating the entire medical tyranny. The virus will be the excuse for the end of sovereignty of all nations and it will require submission to whatever they say for people to do commerce or travel. This will be in the form of digital phone tracking and vaccine certification. They will have different phases of the rollout. The current phase is designed to get people so absolutely fed up with being locked down and wearing a mask that they will accept anything in order to have it stop. That is probably when the mandatory vaccines and the digital implants or tattoos that sync to your phone will be attempted.

The good news is that there is still time to stop it if we are informed and we warn others. Time is critical though as this event is moving rapidly and they have the media and all the tech giants on their side demonizing and censoring anything or anyone who gets in their way. This is a battle for humanity and our children's future and now is the time to get into the fight.

This post won't go deep into the history of how we got here and how the world government got installed. There are plenty of resources on the **Read** (https://www.falseflag.info/read/) and **Watch** (https://www.falseflag.info/watch/) pages that outline all of that information.

The only way to defeat is with the Truth.

This is Event 201 a drill ran by The Johns Hopkins Center for Health Security, The Bill and Melinda Gates Foundation, and the World Economic Forum. All false flag events have a drill as a cover for the real event they are planning. These entities also like to hide in plain sight. If they openly admit what they are doing and we don't respond they view that as implied consent:

The reason it was called Event 201 is because in 1974 there was a memo about Population Control called "National Security Study Memorandum 200":

This is a push by a large conglomerate most notably including the Rockefeller Foundation and Microsoft(Bill Gates) to ensure everyone on earth has a digital ID called ID2020:

The Need for Good
Digital ID is Universal
The ability to prove who you are is a fundamental and universal human right. Because we live in a digital era, we need a trusted and reliable way to do that both in the physical world and online.

Suspected gastrointestinal, liver, nerve and respiratory system poison.
beta-propiolactone
Known to cause cancer. Suspected gastrointestinal, liver, respiratory, skin and sense organ poison.
genetically modified yeast; animal, bacterial & viral DNA
Can be incorporated into the recipient's DNA and cause unknown genetic mutations.
latex rubber
Can cause life-threatening allergic reactions.*
monosodium glutamate
(MSG) glutamate glutamic acid
Being studied for mutagenic, teratogenic (developmental malformation and monstrosities) and reproductive effects. A neurotoxin. Allergic reactions can range from mild to severe.*
aluminum
Implicated as a cause of brain damage, suspected factor in Alzheimer's disease, dementia, seizures and comas. Allergic reactions can occur on skin.*
formaldehyde (formalin)
Major constituent of embalming fluid, poisonous if ingested. Probable carcinogen; suspected gastrointestinal, liver, immune system, nerve, reproductive system and respiratory poison. Linked to leukemia, brain, colon and lymphatic cancer.
micro-organisms
Live and killed viri and bacteria or their toxins. The polio vaccine was contaminated with a monkey virus now turning up in human bone, lung-lining (mesothelioma), brain tumors and lymphomas.
* When babies are hours or days old it is impossible to know if they have an allergy.
polysorbate 80
Known to cause cancer in animals.
tri(n)butylphosphate
Suspected kidney and nerve poison.
glutaraldehyde
Poisonous if ingested. Causes birth defects in experimental animals.

gentamicin sulfate & polymyxin B (antibiotics)
Allergic reactions can range from mild to life threatening.*
mercury (thimerosal)
One of the most poisonous substances known. Has an affinity for the brain, gut, liver, bone marrow and kidneys. Minute amounts can cause nerve damage. Symptoms of mercury toxicity are similar to those of autism.
neomycin sulfate (antibiotic)
Interferes with Vitamin B6 absorption. An error in the uptake of B6 can cause a rare form of epilepsy and mental retardation. Allergic reactions can be mild to life threatening.*
phenol/phenoxyethanol (2-PE)
Used as antifreeze. Toxic to all cells and capable of disabling the immune system's primary response mechanism.
human & animal cells
Human cells from aborted fetal tissue and human albumin. Pig blood, horse blood, rabbit brain, guinea pig, dog kidney, cow heart, monkey kidney, chick embryo, chicken egg, duck egg, calf serum, sheep blood and others.
A major cause of the Roman Empire's decline, after six centuries of world dominance was its replacement of stone aqueducts by lead pipes for the transport and supply of drinking water. Roman engineers, the best in the world, turned their fellow citizens into neurological cripples. Today our own "best and brightest," with the best of intentions, achieve the same end through childhood vaccination programs yielding the modern scourges of hyperactivity, learning disabilities, autism, appetite disorders, and impulsive violence.

The Vacuum • 75

The common enemy of humanity is Man

In searching for a common enemy against whom we can unite, we came up with the idea that pollution, the threat of global warming, water shortages, famine and the like, would fit the bill. In their totality and their interactions these phenomena do constitute a common threat which must be confronted by everyone together. But in designating these dangers as the enemy, we fall into the trap, which we have already warned readers about, namely mistaking symptoms for causes. All these dangers are caused by *human* intervention in natural processes, and it is only through changed attitudes and behaviour that they can be overcome. The real enemy then is humanity itself.
